

SigEp alumnus serves as president elect of MUAA Board

SigEp alumnus Mike Moloney '92 is currently serving as president-elect of the Miami University Alumni Association Board. This advisory board is comprised of 17-21 volunteers who represent Miami alumni worldwide. The board meets in Oxford three times a year and advises the alumni association on programs and issues relevant to alumni.

"Mike has been such a valuable addition to our alumni board, joining the board as a director in 2018 and chairing our financial viability committee in 2019," said Kim Tavares MBA '12, executive

director of the Miami University Alumni Association. "This year Mike serves as president-elect, which means he is on our executive committee and works alongside the president, immediate past president, and executive director to set the agendas and conversation for the board year."

The MUAA board advises the alumni association on its alumni programming initiatives and helps promote those initiatives across the country.

"Mike's insights into the alumni programming and initiatives have really
