## A Tribute to SigEp and Brother 'Tuffy' Potter

Join us for MU Alumni Weekend, June 9-11, 2023

Approximately 100 years ago, Myron "Tuffy" Potter was a student at Miami when he and thirteen others founded Phi Sigma Phi fraternity later becoming the Ohio Eta chapter of Sigma Phi Epsilon. Lack of funds forced him to leave school and start working uptown, founding his own shop Tuffy's at the Tallawanda Apartments where the legendary top campus tradition was born: Tuffy's Toasted Roll.

Join us for a special tribute and campus monument unveiling to celebrate the original location of Tuffy's and 100 years of Brotherly Love at Miami University.

## Campus Monument Honors 50 years of MUSF

When Tuffy's was nearing its end at Tallawanda Hall, what became another outstanding student organization was just beginning – the Miami University Student Foundation. With the closing of Tuffy's, MUSF found its first headquarters home at Tuffy's in 1973, and SigEp played an important role in its earliest days.

MUSF's mission has always been supporting students through scholarships, carrying forward

Miami University campus traditions, and strengthening student relationships with Miami Alumni. MUSF's first Director was SigEp brother Myron "Mike" Macechko '65 and first Chairman Tom Anthony '74. Additional SigEp brothers rounding out the early Steering Committee were Bill Selong '75 and Dave Blackburn '77.

## Sharon Janosik Mitchell '73 and Graham Mitchell '73

The support Sharon Janosik Mitchell '73 and Graham Mitchell '73 have given to Miami University over the years is a true demonstration of Love and Honor. Sharon and Graham were formally recognized for their years-long support of Miami when they were presented with the Spirit of Philanthropy Award at the 2020 Advancement Awards. The timing of the award was opportune: Sharon and Graham had committed a generous gift to support scholarships for women in science and technology, as well as endow a director position for the Institute for the Environment and Sustainability.

Sharon and Graham's Miami Merger story began when they met on the first day of chemistry class, and they have remained linked with the university throughout their lives. Sharon served on the Miami University Research Advisory Committee for 25 years, and was a founding member of the College of Arts and Science Advisory Board before her tenure with the Board of Trustees and her role as the board's chair. She currently serves on Miami's Foundation Board and was a founding member of MIAMI Women.

Graham was previously president of the Ohio Eta Alumni Board and served on the College of Arts and Science (CAS) Advisory Board for 12 years and was a member of the College of Engineering

and Computing External Advisory Council for 10 years. He chaired the board for the 50th anniversary of the Institute for the Environment and Sustainability and serves on their Advisory

Board. Graham has been on his Sigma Phi Epsilon fraternity's Alumni Board for many years, and served as board chair.

Together, Graham and Sharon chaired the CAS campaign for Miami's Campaign of Love and Honor fundraising endeavor.
